

SABAREESH S

SOFTWARE ENGINEER

CAREER GOALS

Looking for a challenging role in a reputable organization to utilize my technical, database, and management skills for the growth of the organization as well as to enhance my knowledge about new and emerging trends.

ACHIEVEMENTS

Worked as a paid intern at a software company which developed android and iOS apps. Worked with an international team of AI engineers and specialists from world-class universities. Got first hand experience with UI prototyping, came up with new ideas for the app functionality and UI improvements
